Principal Broker Registration

For Sales Agent registration, see page 13

Here are the rules you must follow:

1. **The Principal Broker must obtain a Name Address Identifier (NAID) from HUD.**
   (For more information about obtaining a NAID, see the NAID Application menu item on HUDHomestore.com’s home page.)

2. **The principal broker must register first, before associate brokers and selling agents can proceed with their registrations.** The Principal Broker registers with their NAID and their personal Real Estate license. If the broker holds licenses in several states, these can be registered under a single NAID.

3. **Associate brokers and selling agents then register using the same NAID as their Principal Broker.** Associate Brokers and Selling agents can also register in multiple states, providing the NAID they are using is also registered in that state with a Principal Broker.

---

**Information:**
A Principal Broker’s NAID can be registered only once. You can update your broker registration information by logging into HUD Homestore, going to Manage Profile, and completing the changes. If help is needed, send an email to HUDhelp@yardi.com or call the Help Desk at (866) 777-2034.

---

**Warning:**
If you change the NAID on the broker’s registration, you can no longer view the bid history for the original NAID. To preserve the bid history for the original NAID, create a new broker registration for the new NAID. If you need to move your Real Estate license to the second registration for the new NAID, see page 12 or contact the Help Desk for assistance.
